

Bryterdays

Don't plan, pre-plan

# The Problem

The brain has a primitive tendency to see **discomfort** as something to **keep away**.

Daily-basis **tasks and activities** being time and effort **consuming** result in a frustrating **procrastination**.

People see themselves as **lazy and powerless** while it's normal and legitimate.

# Value Proposition

What if the community could help me out  
to build and pre-plan through...
